

Our Mission

The John Thomas NKH Foundation is a 501 (c)(3) public foundation formed in honor of John Thomas. Our goal is to help fund research for NKH and lend assistance to families affected by this disease.

John Thomas

John Thomas is a beautiful little boy born with NKH (nonketotic hyperglycemia). Like John Thomas, children with this disease are unable to process glycine as their bodies produce it, which can cause seizures and possible brain damage. The disease is extremely rare and has no known cure at this time. Please join us in the fight to find a cure.

john thomas
NKH FOUNDATION

A portion of the John Thomas NKH Foundation's proceeds go toward research and programs at the following institutions in the St. Louis Area.

Delta Gamma Center for Children
with Visual Impairments
